

To Whom It May Concern,

I am writing to recommend Emily Worthy for employment opportunities in communications and digital media.

Emily worked on my social media content for my business Hair Envy while she was in high school. Her responsibilities were to create and publish various forms of content for my Facebook page. Emily has shown competency with graphic design software such as Canva and video creating softwares such as Adobe Premiere, as well as other Adobe suite applications.

During her time at Hair Envy, Emily showed her creativity, professionalism, and understanding of communication through mass media. Since Emily worked for Hair Envy, she has completed a Bachelor's of Science and communication concentrating on digital media production.

I recommend Emily for a career in communication and digital media production. I believe she has acquired the skills, work ethic, and potential to succeed in any role she is placed in.

Please direct any questions or inquiries for additional information to my phone number or email address that is listed below .

Sincerely,

*Mandy Mullen*
